To restore margins of the Waipa River and tributaries in the vicinity of Pirongia Village.

Waipa District Council, in collaboration with Pirongia Residents and Ratepayers' Association, Purekireki Marae, Pirongia Te Aroaro o Kahu Restoration Society and Whaingaroa Harbour Care Society Inc, is undertaking a restoration project along the margins of the Waipa River and tributaries in the vicinity of Pirongia Village.

The project entails re-vegetating the riparian margins of public land vested in the Waipa District Council, restoring two flood plain wetlands, removing pest plants within the riparian zone and creating access ways for local residents and visitors.

This project has received funding from the Waikato River Authority (WRA 12-021)
