

Minute from the Hearing Panel – regarding:

Section 42A Report - Proposed Waikato Regional Plan Change 1 – Waikato and Waipā River Catchments:

- Part A: Overview and Context
- Part B: Overall Direction, Values and Uses, Science and Economics,
- Objectives, Limits and Targets, And

Referencing submitter names and the relevant submission point relied on for the jurisdictional scope for recommended changes in the report.

The Hearing Panel has received a letter (dated 21 January 2019) from Wairakei Pastoral Ltd (WPL) regarding some of the recommended changes to Plan Change 1 in the Section 42A Report published on 14 January 2019. WPL is concerned that in relation to some of the recommended changes, only the submitter name and not the relevant submission number(s) has been identified in the Section 42A report.

WPL has requested that *“the Commissioner direct Waikato Regional Council (WRC) to rectify these omissions by providing a corrigendum listing in respect of each of the relevant footnotes both the submitter name and the relevant submission point relied on for the jurisdictional scope for recommended changes in the report”*.

The Hearing Panel agrees with WPL, and for those submission topics set out in the WPL letter, directs that –

A corrigendum listing in respect of each of the relevant footnotes both the submitter name and the relevant submission point relied on for the jurisdictional scope for recommended changes in the report.

This shall be provided to Mr Rice- Healthy Rivers Hearing Coordinator, by the close of business on Wednesday the 23 January 2019. Mr Rice will then make this corrigendum available to all relevant parties.

Greg Hill

Chairman of the Hearing Panel.

21 January 2019
